I grew up in a small town with a big dream. A dream that seemed unreachable for a short awkward little girl. I was put into a few beauty pageants when I was young. Surprise, I never won. I never had much self esteem. But I never wanted to give up my dream, so I convinced my parents to put me into a modelling class. This class taught me alot about walking, strutting and posing. The best part was at the end of the whole class I was told that you need to be at least 5'10 or taller to be a model. Well, didn't that just burst my bubble. So I put my dream on hold for a while. Went through highschool, college and moved all the way to British Columbia for fun. Met a guy, it turned into a thing. Told him my dream, and he suggested I continue to pursue it. With little to no experience I joined a model website called model mayhem. Found a few local photographers, and started to actually do real modelling gigs. Soon after I conjured up even more courage and decided to submit myself into a bikini contest. Wow, was I ever nervous. But never the less I did it. Not to long after I had discovered I was pregnant. Sure enough first thing that ran through my mind was, "how long will my dreams be put on hold for now?" We then decided to move back to Ontario. I then gave birth to my beautiful son, and thought to myself, "if I can give birth, I can do anything if I set my mind to it." So I got up off the couch, worked hard and started searching for local photographers. Found a few, did some shoots and now here I am. Never give up hope!

Chicago model pursuing her dreams. I grew up in a small town where everyone knew everyone. Everyone knew my business good and bad. I've always wanted to work in this industry but was always brought down by family saying I would never make it. People all the time don't make it. I understood that. However, I wasn't everybody. I thought of myself very highly because this was something I've always wanted to do. So once I turned 19 I said I was going to go for it and I'm not going to stop until I get what I want. Until I get what I think and feel I deserve. And I have skyrocketed ever since. I travel all over the U.S (with the help of Michael Chavez of Ravish Modelz Magazine) doing all sorts of shoots, having my work printed and up in shops in Vegas and California. I couldn't be happier. I'm making what I thought would be almost a bit of a hobby a carrier. I get paid to do what I love and that's why I'm still doing it to this day. Don't ever let the fear of striking out keep you from playing the game. You never know what could come of it.

Hi my name is Pamela. I am a 38 years young and wife / mother of three beautiful children who have now grown into beautiful Young adults. After being a young mum for 20 years, I decided last year that I needed to find myself again and not just be that wife / mother. I admired a family member who has been a model for a few years now and after speaking to her one day I decided I wanted to give modelling a go and here I am (happy days). I can't thank her and my hubby enough for pushing me and telling me I can do it. I use to lack confidence after having my children. I have learned a lot that having baby fat is beautiful . I have progressed so much since I first started modelling. I've gone from fully clothed to suggestive nude and secretly enjoy every minute of it (I call it naughty but nice). I would like to thank mark Keane for helping me get these great pics and the people who support me.
