I'm from iverpool but born & breed Manchester girl. I'm 37 yr old mum of six. I am an amaturer model did my first test shoot back in April in an back Alley in the streets of Garston Liverpool. I've taken my approach slowly and with each shoot grown to love the camera. I work yup to implied nude. I am also Marathon runner and keen swimmer. I attend Dukinfield Astley high Gramma school 1993-98 where i achieved 11 GCSE's, then continued on to college and gained nvq1&2 hairdressing nvq 1&2 beauty therapist. I am a very open and outgoing person with a very unique flare.

Achievements: I keep my love life low key, but when my heart is captured the receiver gets my full attention (aka Bradley).

I seem to be an Angel in disguise, you think saving someone's life would only happen once but no three times, a young boy drowning whilst I was on holiday in Egypt. A young army lad was slash outside the club I was working & I applied pressure to neck wound which stopped him dying from blood loss and my best friend who had a anaphylactic shock, my quick actions saved her that day. So definitely on this earth for a reasons. My personal challenges for me is over coming the stigma of me having Bipolar & personality disorder I was to ashamed when I was first diagnosed to tell people bit today I am happy to share my experiences if it help others with mental health other come there dark times.

Kylie lives in Delaware, where she bartends at Whispers in Seaford, Delaware and where she attends college for Computer Science. She grew up around farms, gypsies and her military father. In school, she was in ROTC and a non-smoking group called KBG. In High School, she took Advertising and Visual Communications. Some extracurriculars included wrestling, cross country, fencing and cheerleading. Now she explores sideshow acts and strange talents such as, saber tossing, sword swallowing, fire breathing, fire dancing and magic. She also sings and does burlesque.

Achievements: Kylie has does a lot recently. She balances her dance and jiu jitsu life and continues to succeed in both. She triple medaled in her last tournament and finished in an ankle lock. In dance, in her first year, she placed 10th in the Miss Nude North America Pageant at Nudes A Poppin. Her first year taking on the sexiest ladies she received, Kandy's Newcomer Crowd Favorite from the amazing Kandy's Playground in Erie, PA. The rest of the awards just kept flying into her hand. Each show was different, original, costume made by none other than her. The following year she was 1st runner up in the Diamond State Pole Championships in Delaware, 2nd runner up in the Miss Nude GoGo at Nudes A Poppin, Most Original Show by the Exotic Pageant series 2 times in a row, HeartBeats Hottest Body in Heartbeats at Battle Creek MI, Miss Exotic Burlesque, Miss Exotic Delaware and the recipient of the Sondra Saxson award for Heart, Soul and Desire. She plans to improve in her pole and singing skills and become the best of the best. Right now she is trying to drop down in weight for a tournament, she hopes that will help in pole as well. With all of this success has brought up quite a bit of challenges, Kylie is often told to lose weight, something that isn't uncommon for a woman in this industry to be told. Kylie struggles with this because she knows that her fans and customers like her on the thicker side. She understands that a model should be unhealthy, but according to doctors, Kylie is healthy. At the same time, it is easier to get farther by losing the weight and complying. Kylie struggles with making friends with the other girls in the industry, she doesn't smoke, drink or do any drugs and that isn't as 'fun' as the other girls are used to. Kylie is married, but her husband is super chill and fun to talk to. He is a great person to talk to if you want to see some uncensored versions of Kylie. Kylie does not have many secrets, but something most do not know about her is, she is a Diesel Mechanic. Her next shows are in the works and you don't want to miss them! Make sure to tell your local club to book her so you can find out more about her, if you know what I mean.

I am a caring, free spirited and open minded artist of many mediums. I love all things that involve art, music, nature and self expression. Modeling has been a huge part of my life for the last 10 years; not to mention a form of therapy for me. It's been a wonderful creative outlet thus far and I continue to create photo magic for as long as I exist.
