The world is her oyster

Dea is a pocket rocket with attitude....and elegance. A fish out of water some may say. Whilst her Oriental looks will distract you her German accent will intrigue you. Working 9-5 was only holding the now travelling freelance model down. Whilst she toured through Australia we met up and made magic during the setting sun along the beach line of Port Melbourne.

Achievements: 1 - When did you know a career in modelling was for you?

Many times. When I was 15 scouts asked me on the streets if I can join their agencies. After I've been often asked by photographers directly

2 - What genre of modelling do you enjoy most?

I love fashion shoots with other models, I like trashy arty shoots and outdoor

3 - How hard it to be a freelance model is and what challenges do you face?

I take it easy. The biggest challenge every week for me is to not miss the flight, to find my shoot locations and hotels / transportations who allow dogs, because I try to keep her part of my life

4 - What are some of the most enjoyable destinations you have visited so far around the world while touring?

Most fun I had in Sydney/ Melbourne. That time was crazy. London and NYC also gave me special memories. When it just comes to good vibes and less wild stories then it is Los Angeles. I felt so good

5 - In what circumstances, if at all, do you think nude art photography can be both artistic and also erotic? How do you draw the definition?

When I started modelling I did loads art nude but since my tattoos I'm more into glamour nude. Nude art means to be part of the picture to complete it like a tree in the garden, erotic means to express emotions but be more impressive and human

6 - How many tattoo pieces do you have altogether?

8, but will finish my arm sleeve very soon

7 - What's the main influence behind your bodywork?

Tattoos are sexy and make you look even more unique

8 - What do you think your tattoos say about you?

My tats say that I have an eye, taste and love the trashy cool look

9 - Come the weekend, what's your favourite thing to do?

Weekdays or weekend, I'm a freelancer for me it's all the same. I never drink so I just wanna have a long dance night, waking up on the beach with my dog.

Currently living in Oklahoma City. Professional published model (Alt). I am also a great mom and hard worker.

I worked in mental health about 15 years. Decided to pursue my lifelong dreams as a nude model.

I went to a 2yr program to become a certified medical assistant. Which lead me to the mental health field. I also went to a private university where I studied criminal justice.

Achievements: My experience as a mixed tatted model has been very rewarding. I did everything everyone said I couldn't. My goal is to one day be a display in a museum. I have recently become an official brand. Very excited to see my brand expand. Everything wasn't always easy, I had my fair share of bumps in the road. No one for a long time cared about the inked model. Times sure have changed.

Make-Up Artist: Aalize McCammon
